

Dear AIT Families,

On behalf of the AIT PSSO, I would like to welcome all new and returning families to the PSSO. The AIT PSSO has been very busy planning and implementing programs and activities that will make this a fabulous year for our teachers and students.

It is because of the strong volunteer efforts of our parents and the dedication of our teachers that we are able to offer many educational and fundraising activities throughout the school year. AIT PSSO objectives include providing services that will enhance our children's educational experience and financially support some of the activities of AIT like the Orientation Breakfast and Welcome Picnic.

We encourage you to get involved by regularly reading our newsletters, attending PSSO meetings, volunteering to assist on a committee or an activity, and supporting fundraising events and fundraisers we are going to have this year. There is no bigger thrill for our children than to see their families involved in enhancing their education. So whether you can lead a committee or simply help out when you can, no effort is too small. Your involvement is how our PSSO stays strong and our children achieve further success. You can truly make a difference!

If you have any questions, concerns or ideas, or would like to get involved, please stop by our table at the Orientation Breakfast and Welcome Picnic.

PSSO Meeting Dates (which include Principal's Reports) :

September 28 5:00pm immediately preceding Back-to-School Night
November 2
December 7
February 1
March 1
