Assessment Schedule 2021-2022 School Year

New Jersey law requires public school districts provide parents or guardians of enrolled students information on any State assessment or commercially-developed standardized assessment that will be administered in a given school year. Please find information below on the assessments that will be administered at the Union County Vocational-Technical Schools during the 2021-2022 school year. Please note that if a student receives testing accommodations through an IEP of 504 Plan, parents/guardians should contact their child's school counselor for additional details on accommodations and accessibility options.

State and Federal Required Assessment for Public School Students State Required Assessment for Career & Technical Education (CTE) Students

UCVTS Industry Credential Assessment	AAHS AIT APA MHS UCCTI UCTECH	Each of the UCVTS full-time high schools and our shared-time programs administers specific career and technical assessment(s). These assessments are required as a part of our NJ State career and technical education (CTE) program approvals. The details of these assessments vary by career and technical focus and years completed in the program. They occur at different times of the school year depending on the specific career and technical concentration. Please contact the building principal of your child’s school for more specific information about these assessments, resources for preparation, and when/how they are administered. Many may result in a valuable industry credential.				
UCVTS End of Program Assessment	AAHS AIT APA MHS UCCTI UCTECH	Each of our UCVTS full-time high schools and our shared-time programs administers specific career and technical assessment(s), necessary in the attainment of their career and technical education (CTE) certificate and the completion of their career and technical education program. Additionally, these assessments are required as a part of our NJ State career and technical education program approvals. The details of these assessments vary by career and technical focus and years completed in the program. They occur at different times of the school year depending on the specific career and technical concentration. Please contact the building principal of your child’s school for more specific information about these assessments, resources for preparation, and when/how they are administered.
